## **Monarques Proceeds to the Acquisition of 4 More Gold Properties in Val-d'Or**

**Quebec City, Quebec, September 5th, 2013 - MONARQUES RESOURCES INC.** ("Monarques" or the "Company") (TSX-V: MQR, FWB: MR7) is pleased to announce the acquisition of 4 other properties belonging to X-Ore, a subsidiary of Blue Note Mining ("Blue Note") in the gold-bearing sector of Val-d'Or: the Tex-Sol, Belcourt, Lac Tavernier and Bel-Rive properties. They cover a total area of 43 km<sup>2</sup>, which adds up to the 69 km<sup>2</sup> of the other properties recently acquired in the Val-d'Or area. These properties consist of 100 mining claims for a total of over \$430,000 in credits from the Ministry of Natural Resources and Wildlife (MNRW).

On May 16, 2013, Blue Note announced that as part of a notice of intention to make a proposal under the Bankruptcy and Insolvency Act (Canada), PricewaterhouseCoopers Inc. ("PWC") has been appointed as trustee to attend Blue Note and X-Ore in their restructuring efforts. In this context, PWC has developed a request for proposals procedure.

The proposal submitted to PWC by Monarques for the acquisition of the Tex-Sol, Belcourt, Lac Tavernier and Bel-Rive properties has been accepted. The agreed purchase price is \$25,000.

"Monarques continues to acquire promising gold-bearing properties in Canada's largest gold producing area," commented Jean-Marc Lacoste, President and Chief Executive Officer of the Company. "We are currently in a buyer's market, and the last time it was possible to make acquisitions at such a fair price was following the Second World War. When investors regain interest in the commodity sector, Monarques will be a leader in Val-d'Or."
